I believe that the Charity at Work is a leading reason for the feelings of serenity, patriotism, and compassion. These feelings are a major connection between the members of our community, which is well-known for its sympathy, support, and communication.

*Custodian of the Two Holy Mosques
King Salman bin Abdulaziz Al-Saud*

”

We are ambitious to build our country into a prosperous nation that meets the expectations of all our citizens. We have a responsibility to lead our nation into the future and make it a global leader.

“

Crown Prince and Prime Minister

HRH Prince Mohammad bin Salman bin Abdulaziz Al-Saud

**The Prophet Muhammed
(Peace be Upon Him) said:**

“The most beloved person to God (Allah) is the one who brings the most benefit to people. The most beloved deeds to God are to make a believer happy, relieve them of hardship, pay off their debt, or ward off hunger from them”

Introduction

The Ahyaha Foundation is a humanitarian organization that is committed to sustainable humanitarian action. We believe that humanitarian work can only be accomplished through a journey of innovation and creativity, which can move society towards a better future. Our mission is to enhance the quality of life for all individuals and promote it through innovative and high-quality programs. Our belief is that by working together, we can achieve our goals of serving the people and advancing society. We are proud of our work and we are committed to continuing to innovate and find new ways to improve the lives of the people we serve. By working together, we can create a better future for all.

Founders' Message

Together for a Happier Society: Reflecting on Seven Years of Impact

As the world recovers from the COVID19- pandemic, new economic and international security challenges have emerged. Saudi Arabia has not been immune to these challenges, but with the support of our leaders and the implementation of new regulations and decisions, we have been able to successfully navigate these challenges and witness unexpected flourishing and support for our society.

At the Ahyaha Foundation, we are proud of the partnerships we have built over the past seven years with various sectors. We are especially proud to see our partners in the non-profit sector adopt our methods in their activities and projects, working systematically to support each other and serve less privileged groups. We are also proud of the culture we have established at the foundation, which has enabled us to succeed together in making society happier.

This year's annual report documents the impact of Ahyaha's work in terms of human development on society. It also highlights our responsibility to our country and its people, and inspires us to continue working towards making society happier. I am thrilled to congratulate the Ahyaha family and our development counterparts in the civil society and non-profit system for achieving a %99 score from the National Centre for Non-Profits, based on our commitment to governance methods focused on supporting the foundation's values and responsibilities.

I would like to extend my sincere thanks to all our partners in the development system, including the leaders in the three sectors of government, private, and non-profit. I would also like to express my gratitude to the volunteers who have worked tirelessly in the field for the sake of humanity.

As we look towards the future, we pray for wisdom and success, inspired by the founding fathers and forefathers of this country, and committed to the development and advancement of society.

Thank you all for your continued support and dedication to making the world a happier place.

Abdulaziz bin Talal

Chairman of the Board of Trustees

Founders' Message

The Industry of Surprise and Smiles 2023

Over the past year, Ahyaha Foundation for Human Development has brought smiles to people's faces throughout the nation, bringing joy to many homes that were previously filled with sadness. This is the supreme and most important goal for which our institution exists, and we are proud to have become a national entity that is recognized for its great impact on society.

In 2022, we achieved many milestones, including the inauguration of the Bsmaa Unified Fashion Factory in partnership with Saudi Aramco and the Creative Anamel Association for Crafts and Professions in the Jazan area. This partnership is a testament to the strategic orientation of our foundation, which focuses on enabling collaboration and cooperation with our partners in the humanitarian and non-profit sectors.

Since the second year of our inception, we have promised success, and that promise has become a reality today. We have established partnerships with various organizations in the humanitarian and non-profit sectors, and we have been proud to share our experiences in meetings and gatherings. Our commitment to innovation and renewal, as well as the dedication of our executive task force, is what sets us apart and makes us proud.

As we enter 2023, "Ahyaha" is growing and maturing, extending its reach in society and striving to raise the quality of life and spread happiness to all members of society. We renew our commitment to our annual creative executive team, and we declare that 2023 will be the year of creating smiles and amazement for the less fortunate.

Finally, we are proud to announce that Ahyaha has earned a score of %99.33 from the National Center for the Development of Non-Profit Sectors, based on compliance standards and governance evaluations. This is a new incentive for us to continue striving for creativity and excellence, and we are grateful for the hard and sincere work of our team.

Thank you all for your continued support of "Ahyaha". We look forward to another year of impactful work and spreading joy throughout society..

Sora bint Saud

Vice-Chairwoman of the Board of Trustees

Executive Director

Achieving Sustainable Development Through Sincere Work

As we enter a new year, we reflect on the past year and how it has prepared us to work in this sector. We have developed self-discipline and a spirit of service to society, and we have sharpened our sense of responsibility towards our nation. We are grateful to be part of the Abdulaziz bin Talal and Sora bint Saud Foundation for Human Development «Ahyaha,» which works energetically to advance civil society. We collaborate with the largest charitable organizations to contribute jointly to the sustainability and innovation of community development projects. We are charting the changes that the sector is undergoing under Vision 2030, which emphasizes the importance of sustainable development with its three pillars: a society pulsing with life, a prosperous economy, and an ambitious nation working together towards happiness.

We are proud of our achievements each year, and we recognize that the responsibility for sustainable development falls on all of us. We must explore its potential in the future by committing to innovation as an essential tool for human and economic growth. At the Abdulaziz bin Talal and Sora bint Saud Foundation for Human Development, we are enthusiastic about reviving our city as a hub for creativity, innovation, and knowledge to serve people. Our many achievements in creating initiatives and projects that address real needs in society attest to our dedication.

Under the visionary leadership of HRH Prince Abdulaziz bin Talal, Chairman of the Board of Trustees, and HH Princess Sora bint Saud, Vice-Chairwoman of the Board of Trustees, and with the support of our initiative, cooperation, and giving team, we received a score of %99.33 in the application of the standards of corporate governance for the year 2021 from the National Center for the Development of the Non-Profit Sector. This achievement makes us more assiduous to excel and continue to give more and more.

We are grateful for the impact of our sincere work and the witness of our achievements. We look forward to another year of impactful work and spreading happiness throughout society.

Mashaal bint Faisal Alrashid
Executive Director

Trustee Board Member and Financial Supervisor

The Secret of Ahyaha

Ten years ago, HRH Prince Abdulaziz bin Talal and his wife, HH Princess Sora bint Saud, began their humanitarian activities in the United States. Princess Sora was studying at American University, while her husband was working in and with multiple institutions while enhancing the role of the Arab Civil Society within the US, such as the National Council on US and Arab Relations. Both inherited their passion for humanitarian work from their original Islamic and Arab culture and their noble family.

They worked with food banks, schools for disadvantaged children, sponsored and visited Saudi and foreign cancer patients, and supported Saudi scholarship students, their projects, and graduation ceremonies. Their noble and humanitarian work left a lasting impact on many graduates who returned home with valuable knowledge and beautiful memories.

The secret of Ahyaha may lie in transforming Abdulaziz and Sora's passion into a dedication to doing good and making people happy. They turned their efforts into the work of an organizational system through a national institution, where they could pass on their experiences from living abroad. Most importantly, their intention is to perform humanitarian acts for Allah's sake and to serve people through innovation and professional work, in accordance with the principles and performance indicators that are evaluated by the National Center for the Development of the Non-Profit Sector. Ahyaha proudly received a score of %99.33 for its commitment, compliance, and full evaluation of governance in words and actions.

Ahyaha was established six years ago, one year after Prince Abdulaziz and Princess Sora returned to their homeland. They began to spread a human development model throughout the country, from the borders of Tabarjel to the beaches of Jazan. They restored homes, wiped away tears, and most importantly, created a development model that is attested by the contents of this annual report.

Grant Categories

At Ahyaha Foundation, we focus on strategic grants that aim to make a developmental impact on women, children, and families. We follow up and measure the impact of our grants to ensure their effectiveness.

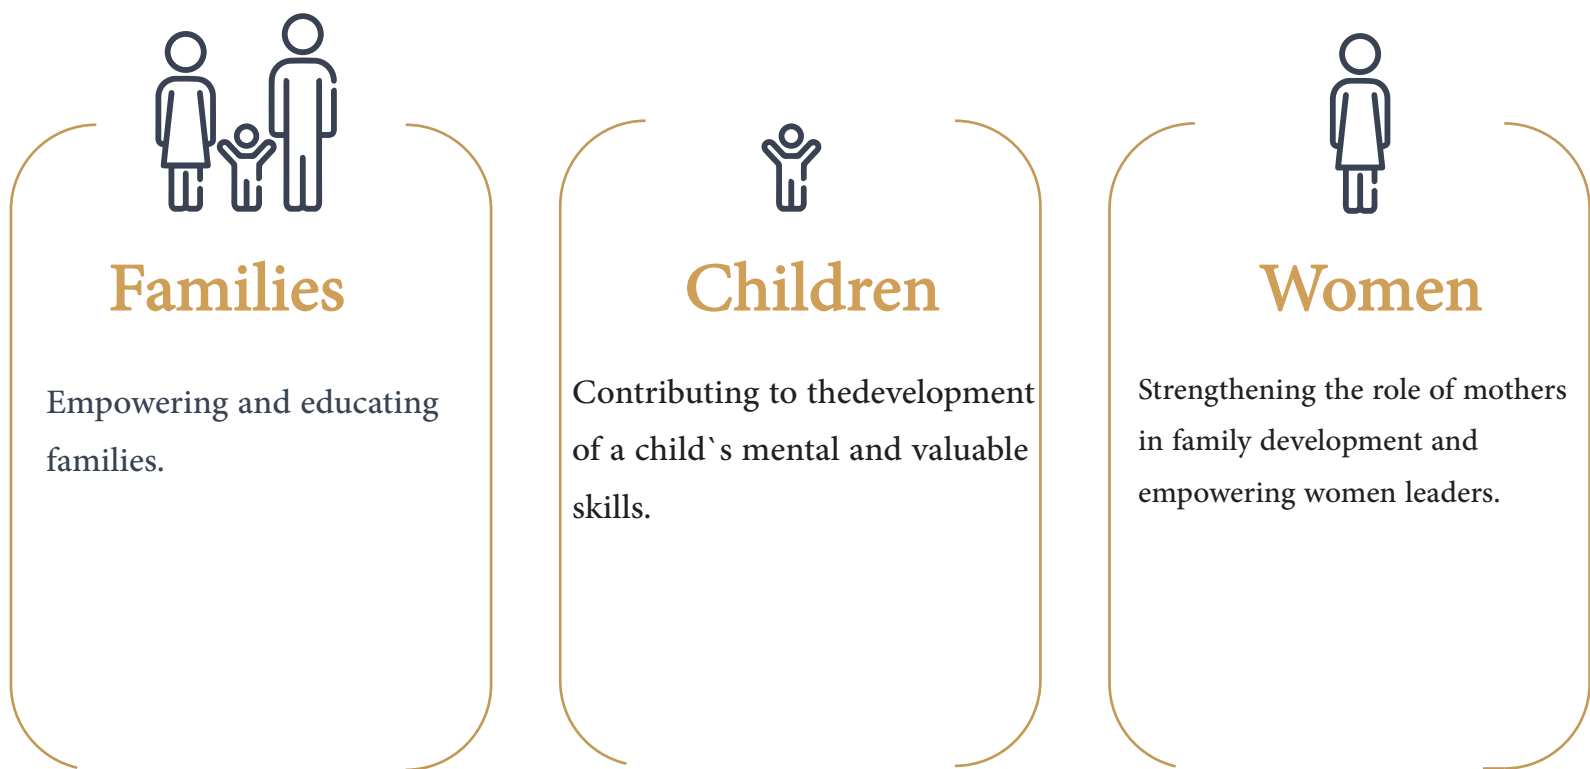

Focused Grants

The Ahyaha Foundation seeks to create, monitor, and measure the developmental impact of strategic grants in the three categories of focused grants.

These grants receive the greatest share of grants, effort, and attention.

The categories of focused grants include:

Diverse Grants

In addition to focused grants, we also offer diverse grants that aim to contribute to various issues that represent a societal need and priority linked to Vision 2023. These grants are not included in the categories of focused grants and are not required to be among the beneficiaries directly or indirectly.

We are committed to making a meaningful contribution to society and improving the lives of those in need. Our efforts are guided by our vision and values, and we look forward to continuing to make a positive impact in the years to come.

Ahyaha Women's Entrepreneurship Initiative

The Idea

The Ahyaha Women's Social Entrepreneurship Initiative was created to empower women as social entrepreneurs in various fields. It provides women with the skills and resources they need to succeed, including training, mentorship, and access to funding. It also focuses on promoting physical and mental well-being, teamwork, and leadership skills through sports events.

Women have learned new skills, gained confidence, and built relationships with other women through the initiative. They have also had the opportunity to participate in sports events, which has helped them to improve their physical and mental health.

The initiative is committed to continuing its work to empower women and girls. It plans to expand its reach to more women and girls, and offer more training and support programs. The initiative is confident that it can make a significant difference in the lives of women and girls, and is committed to working towards a more sustainable and equitable future.

Mental Health First Aid Initiative

The Idea

Mental health first aid is just as important as physical first aid. Our organization provides scientific and practical training in mental health first aid. This training is organized as part of the primary response to trauma and is prioritized to help individuals provide assistance in situations where it is required.

We believe that everyone should have access to mental health first aid training. This training can help to save lives and improve the quality of life for people who are experiencing mental health problems.

Bsmaa Uniform Factory

The Idea

A uniform and military apparel manufacturing factory has been established in the Jazan region, employing both women and men. The factory offers professional garment services to various sectors within the Kingdom of Saudi Arabia, in collaboration with Saudi Aramco Company and the Creative Anamel Association for Crafts and Professions. It specializes in the production of uniforms and military clothing.

Ahyaha Cares Initiative

The Idea

In honor of World Health Day on April 7th, we launched a neighborhood initiative called Ahyaha Cares. The goal of this program is to raise awareness within our community about the health risks associated with chronic diseases, and how to prevent and manage them. We aim to educate families in the Tabarjel region about the symptoms, importance of early detection, and how to reduce complications of chronic diseases.

By promoting health awareness, we hope to improve the overall well-being of our community.

Al-Rayhan Initiative

The Idea

Al-Rayhan is a Quranic educational program aimed at children between the ages of 3 and 5. Our goal is to teach young children the Holy Quran and the basics of the Islamic faith, while also providing them with a strong foundation in religious education. Our program uses interactive fun activities that families can participate in together. By offering specialized education, we hope to instill a lifelong love of learning and a deep understanding of the Islamic faith in their young students.

Saudi Artisanal Hands

The Idea

Saudi Artisanal Hands is a Saudi professional initiative that aims to empower women and families in the Rabigh governorate by providing specific programs that meet the needs of the market and target groups. Our goal is to help these groups move from welfare to production by building their capacity and providing them with employment opportunities. The initiative is based on development dimensions that prioritize suitability and sustainability, and we are committed to ensuring that our programs help achieve these goals. Our focus is on capacity building for our targeted groups through skills training, mentoring, and access to resources such as financing and business support services. By promoting traditional Saudi handicrafts, we hope to provide a platform for women and families to become self-sufficient and contribute to the local economy.

Our Day Is Different Initiative

The Idea

Our Day Is Different is a humanitarian initiative that aims to provide material and psychological support to children who are living in the Social Hospitality House in Riyadh. It will involve volunteers spending time with the children, playing games with them, and giving them gifts. The goal is to strengthen the bonds between members of the community, promote social responsibility, and help to achieve the basic needs of the children at the Social Hospitality House. The initiative will be implemented over a period of one year. During this time, volunteers will visit the Social Hospitality House on a regular basis to spend time with the children.

The volunteers will also organize activities and events for the children, such as games, arts and crafts, and field trips. In addition, it will provide financial support to the Social Hospitality House to help them meet the basic needs of the children.

We believe that Our Day Is Different will make a positive difference in the lives of the children at the Social Hospitality House. We hope that you will consider supporting this important initiative.

Rescue Initiative

The Idea

Young people in the Jazan area are acquiring valuable skills in swimming, diving, and first aid through a partnership between the Rawafid Jazan Voluntary Association, the Royal Commission of Jubail and Yanbu, and the Abdulaziz bin Talal & Sora bint Saud Foundation for Human Development.

These skills not only provide opportunities for suitable jobs but also enable youth to volunteer in the rescue field. The foundation also conducted training for youth in the Farasan Islands and produced a video for the National Day celebration to promote the program and its impact on the community.

Your Bread is on Us Initiative

The Idea

Your Bread is on Us is a form of social solidarity that aims to address the basic needs of low-income families by providing free food. The program was launched by selecting four bakeries in densely populated areas and offering 1,000 free loaves of bread from each bakery, benefiting a total of 4,000 individuals. Through this initiative, Your Bread aims to engage the community in addressing the needs of low-income families and promoting social well-being..

Development Trips

- Al Ahsa -

The Idea

The goal of our development trip to Al Ahsa was to deepen our understanding of the human experience and promote values such as compassion, humanism, and consolation. We chose Al Ahsa as the destination for this journey because it offers unique cultural and natural surroundings that allow us to connect with the Earth and each other in meaningful ways. Through fostering a spirit of generosity and consciously giving back, and contributing to the development and betterment of our homeland, we were able to achieve our goals.

Eid of The Beloved ones

The Idea

The Eid of the Beloved Ones initiative aims to show care and compassion for the elderly in Saudi society by providing an event on the third day of Eid Al-Fitr. The event was launched at Dhahrat Laban in Riyadh and offered suitable activities for the target group. The event was organized in partnership with the Riyadh Region Municipality and the Birwin volunteer group, and as a result, 60 elderly individuals benefited from the program. The initiative consisted of one program, which included the distribution of 60 gifts to the elderly, providing them with a memorable experience on a special occasion.

The Idea

Our goal in promoting social well-being is to recognize and appreciate the positive role that men play in contributing to society. International Men's Day offers an opportunity to celebrate men in all their ways, whether as fathers, brothers, husbands, or sons.

To mark the occasion, we partnered with four cafes in the city of Riyadh and offered free coffee with a greeting card to 900 beneficiaries. This initiative aimed to raise awareness of the importance of recognizing and appreciating men's contributions to society and promoting gender equality.
